6月というと、もう初夏、一年で2番目に好きな時期です。1番好きなのは5月。単に冬はキライで、夏が大好きなだけで、本当は8月が最高の時期なのだけれど、すぐ夏が終わり秋が目の前、それで、7月かいいと思ったけれど、日本の夏は短いので、あっというまに秋。そこで6月。いやな冬が終わり春、すぐ夏が近づく5月が1番。日曜日より、金曜日がいいという心理ですね。

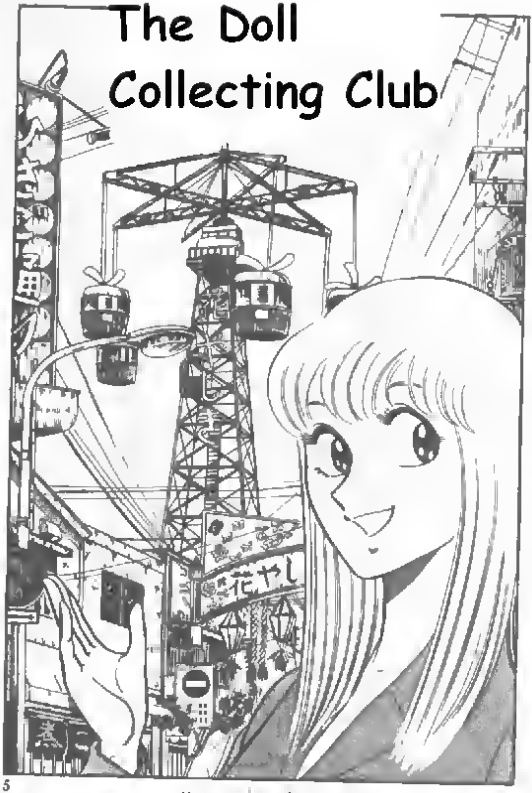
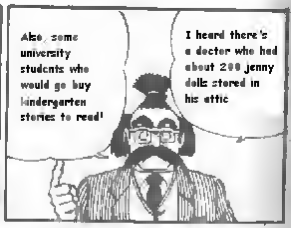
The Doll Collecting Club

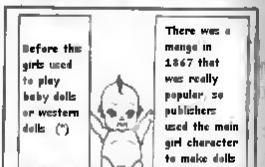


The owner is a male college student
Is the owner a little girl?
I'm sorry! These are Kare dolls. The owner will come to pick it up soon
Oh yo! I heard recently that there's a university prof. that collected over 100 Kare dolls what a pervert
Are these things even collectible?
Yo, he really likes them too!
What's a guy doing with these?
But what I'm going to talk about are the "rec" collectors
Speaking of collectibles everyone's hobby is different some like stones some like shoes some even collect traffic signs
Teacher Ryotsu
Collectibles Lecture
I'm a pro-collector Ryotsu
Hello!
I'm gonna try working hard today!
What's the meaning of this!
Dammit! Who put this on my desk?

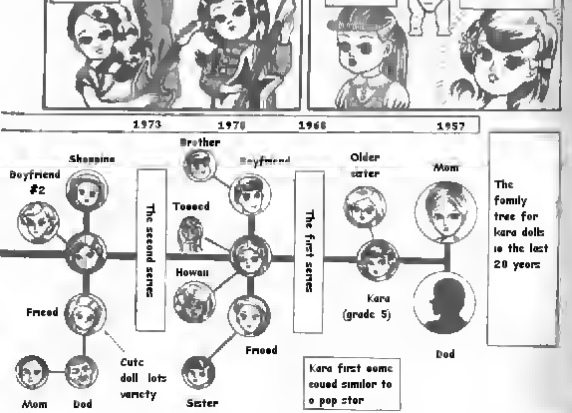
(*)= Because the author is a man so he's not really sure



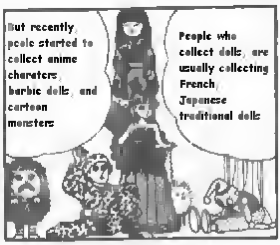
Also, some university students who would go buy kindergarten stories to read!
I heard there's a doctor who had about 200 jenny dolls stored in his attic



Before this girls used to play baby dolls or western dolls (*)
There was a manga in 1867 that was really popular, so publishers used the main girl character to make dolls

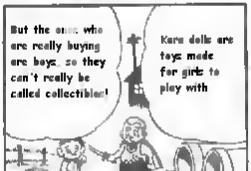


The first series of Kara dolls 20 years ago aren't cheap, but they can be called collectibles!
There are special shops that sell only barbie dolls, but there aren't shops like that for kara dolls



But recently, peole started to collect anime chareters, barbie dolls, and cartoon monsters
People who collect dolls, are usually collecting French, Japanese traditional dolls

Unlike kara dolls, no variety, smaller, and clothes are always the same!
Barbie dolls were really popular during the 50's in the US, and there were many varieties!
No change

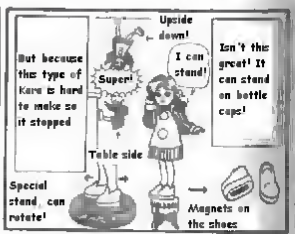


But the ones who are really buying are boys, so they can't really be called collectibles!
Kara dolls are toys made for girls to play with

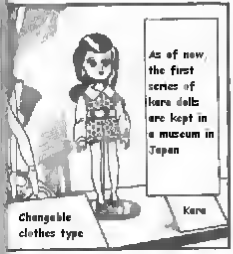
"This chapter is purely for the sake of the manga, please don't mind me"
The author gave me a note saying "I am not a doll collector"

Note: The family trees were collected by me personally, please understand if there's any mistakes

Bra
Can stick on hard to come off
Recently the mermaid Kara is becoming more popular
Baby twins



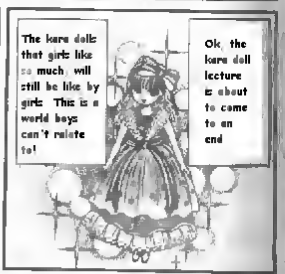
But because this type of Kara is hard to make so it stopped
Upside down!
Super!
I can stand!
Isn't this great! It can stand on bottle caps!
Table side
Special stand, can rotate!
Magnets on the shoes



As of now, the first series of Kara dolls are kept in a museum in Japan
Changable clothes type
Kara

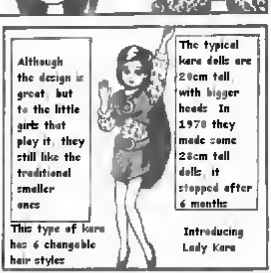
First
Second
Now
But, you can tell when the dolls are made the looks of their eyes
For the past 20 years only the hair styles of Kara dolls changed

She is still just a little girl!
Oh ye! Don't call Kara in the middle of the night!
People are recording!



The Kara dolls that girls like so much will still be like by girls. This is a world boys can't relate to!
Ok, the Kara doll lecture is about to come to an end

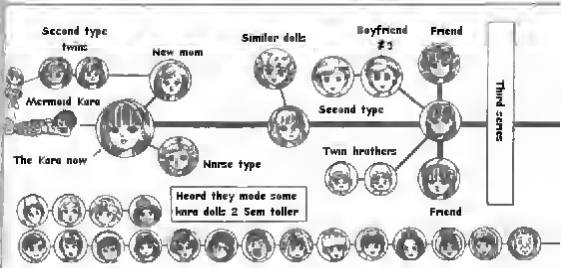
This way it's more like the character in the manga!
Kara doll Autographs
The big-headed design is great for showings



Although the design is great, but to the little girls that play it, they still like the traditional smaller ones
The typical Kara dolls are 20cm tall with bigger heads. In 1978 they made some 28cm tall dolls, it stopped after 6 months
This type of Kara has 6 changable hair styles
Introducing Lady Kara

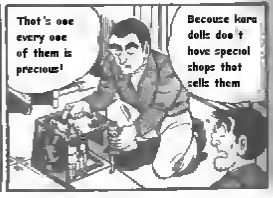
I conldn't draw it ont heeouse it was so cruel
They use a machine to stick it one by one onto the scalps of the dolls!
Do yon know how they prepare the hairs on the dolls?

That's heeouse I know a professor about dolls!
Yon sure know alot!
"cough"



Second type twins
New mom
Similar dolls
Boyfriend #3
Friend
Third series
Mermaid Kara
Second type
The Kara now
Nurse type
Twin brothers
Heard they made some kara dolls 2 Sem taller
Friend
Various type of side dolls

So everytime I see a college girl I'll go and ask them for their dolls
The college girls now must have played with kara dolls before!



That's one every one of them is precious!
Because kara dolls don't have special shops that sells them

Ah! Here's my choice!

But most of them just think of me as a pervert
I think some of them must have atleast 1 or 2 kara dolls

I have hot
Have you ever played with kara dolls before?

Excuse me, when were you here?
Hold on!
1965

What?
Please! Give me your dolls!

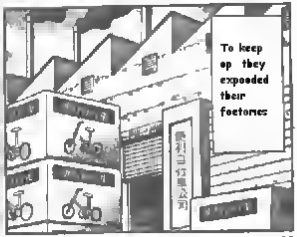
What else do you have?

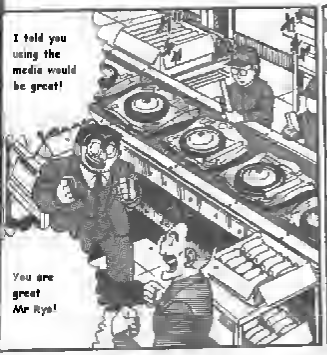
If all goes well we might be able to make 1000000000 yen!
How much will you make?

Today we're interviewing the man who started disposable bikes!
Hello everybody, welcome to our show!

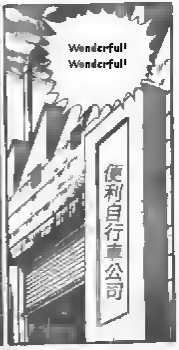


To keep up they expanded their factories

We had to! We aren't making money!
What? Downsizing the factories?

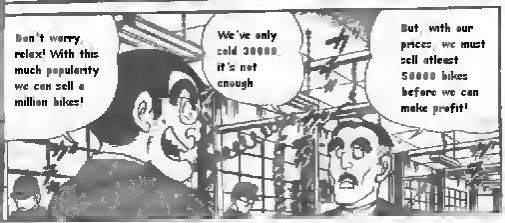


I told you using the media would be great!
You are great Mr Ryu!



Wonderful! Wonderful!
便利自行車公司

That's not good!
But who knew after we released our 500th product, all the manufacturers stopped taking orders!
At first the bikes were a big hit, so we expanded our factories and funded research projects



Don't worry, relax! With this much popularity we can sell a million bikes!
We've only sold 30000, it's not enough
But, with our prices, we must sell atleast 50000 bikes before we can make profit!

You all the workers are starting to quit
You said 50000 bikes and still didn't make profit?

The products are nice, but no one wants them!
That's not all, products like instant noodles and instant rice didn't sell at all!

Sales began to plummet
Garbage
But, everything that goes up must come down. Just as they sold 50000 bikes

Our future looks brighter than ever!
Mr Inventor get working on our next project!

Abbb!
Mr Mr Ryo!
He was responsible for thinking up new products but recently he is getting investors block!
What about the investor?
What's worse is my wife is leaving me!
Not really
Are you ok? Did you think up another product?
Come to think of it that's really sad!
I see even you've become a disposable product!
She left me because I got investors block now I'm nothing!

The Legend of the Golden Fish!

Is Mr Ryotsu here?
There's too many people here let s talk at your house!

Archaeologist

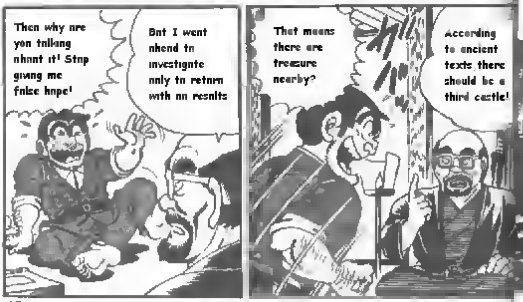
The Legend of the Golden
Fishes! (part 1)

Let's go search it again
There's a transport ship that sunk near Kitakyushu
Even if we looked at all the ancient castle of Japan we probably won't find anything!
But when the castle was attacked it was all stolen!

Is there even a castle in Hachioji-shi?
There are 2 ancient castles in Tokyo, one is in Hachioji-shi
What! Really?
We don't have to go so far there's one nearby!



Then why are you talking about it! Stop giving me false hope!
But I went ahead to investigate only to return with no results
That means there are treasure nearby?
According to ancient texts there should be a third castle!

The sunken Chiyodo ship was just an empty ship
I heard there are buried treasures at Gunma-ken

But, the ancient text says, there are 20000 gold coins buried
Even if you find things buried, they don't worth any money now!

It took me o long time to find information on it!
Is there sneh castle in the monntoins?

I ll moke o copy so we eon switch it ofter we toke it tell me whot it looks like later
To steal both of fishes s going to he hord!

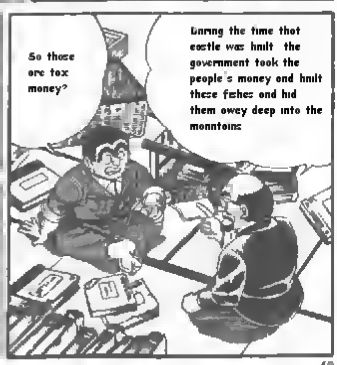
The text soys they used 37900 gold coins to moke it so it shonld weight ohont 105kg if it s pnre gold
Bnt golden fishes

How come no one has ever found it yet?

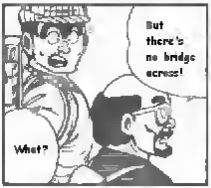
So no one knows about it
Because it's surrounded by a forest hard to spot



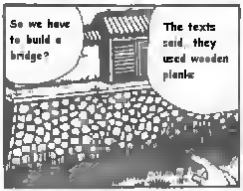
So those are tax money?
Dnring the time that castle was hnilt the government took the people s money and hnilt these fishes and hid them awey deep into the monntoins

I think so too
We must climb it!

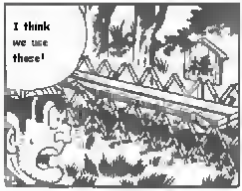
How do we get up there?
Is that it up there?



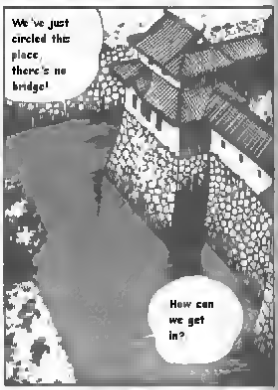
But there's no bridge across!
What?



So we have to build a bridge?
The texts said, they used wooden planks



I think we use these!



We've just circled the place, there's no bridge!
How can we get in?

Hurry we have to find it before nightfall!
The backpack is for carrying the fish!

Again? We don't have much left
Wait up can you give me some water

AH!

We should be according to the map!
Are you sure we're going the right way?

The castle!

It's a trap door!

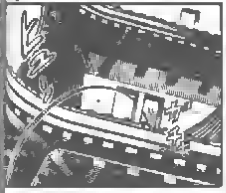
DAMMIT!

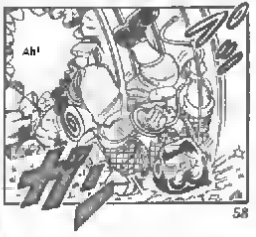
How can we get up now?
That's just like a child!



Nice! Should've done this from the start!

If we can't break 'em inside we'll go outside!

Dammit!
The shingles are made out of leaves!



Ah!

It's so dark!
I think this is the right way!
It's too late now!
I told you to turn left!
AHHH!

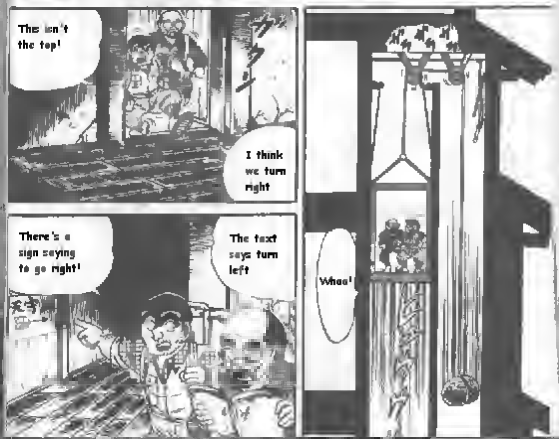
It even has an elevator! We can go straight up!
It's a secrete entrance!

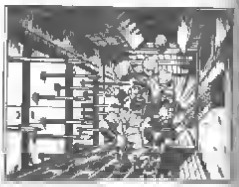
Back to the start again!
Dammit! I WILL get those fishes!
Ah!

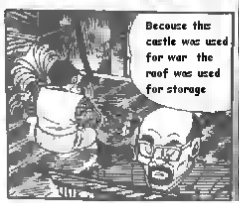


This isn't the top!
I think we turn right
There's a sign saying to go right!
The text says turn left
Whoa!

Last time Ryo and Dr Giro went on a hunt for the golden fishes in an ancient castle But traps within the castle prevented them from getting to the top again and again

But the gold-crazed Ryo using his expert video gaming skills manages to pass the traps one by one





The Legend of the Golden Fishes (part 2)

There are males and females?
Which one is male?

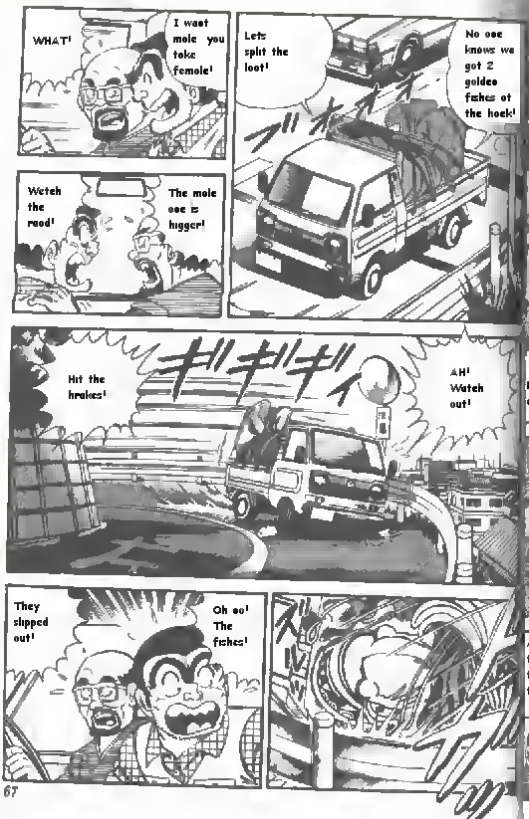
They both look the same to me!
Besides the male fish looks more fierce
Who cares! They both look the same from down there!
Ok!
Now lets get those outta here
I'm telling you they aren't the same!
That's not true the female is smaller by a meter!



WHAT!
I want mole you toke femole!
Lets split the loot!
No one knows we got 2 goldee fishes ot the hook!
Watch the road!
The mole one is bigger!

My grandpa at Hawaii is also coming on a B-29 to Japan!

Where is the meeting held? Some fancy hotel?

I heard it's at a house in the country

Ok then! I'll attend the meeting for you and talk some sense into those stubborn bastards!
I didn't even wanted to go to the meeting! I want things to stay as they are!

Who? Me?
I think the eldest brother of the family should have a better chance at persuading Keiichi to come

Keiichi is a smart boy if he is the president he would do as proud!
Today's meeting is about Keiichi's succession

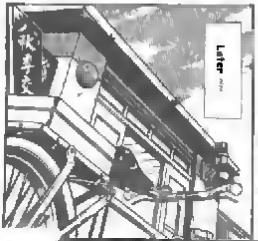
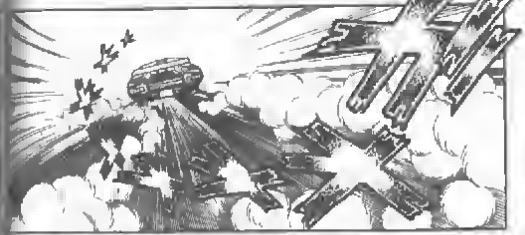
Hmm this one looks nice
What is that?
Is't that a Lamborghini?
Oh my god!
Ah! Is't that
No! It's a Imaborghini Japan doesn't sell lambos
That can't be a lamborghini it must've been a ferrari



"For the sake of the plot Bucho's birthday is today



Bucho used his vacation to go look at some sword exhibition?
Everytime there's a sword exhibition he'll always go! He must really like swords

NHK the Japan broadcasting corporation

If I was here in those times I would've been a great samurai

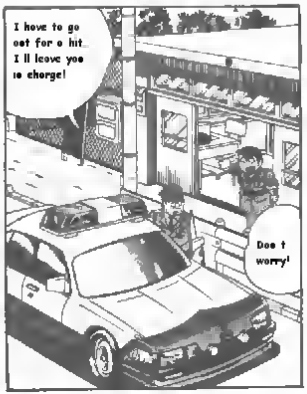
Then they would roam free and do whatever they want!
This is how they do it in the old days

You must've mistaken me for someone else
I'm Ryotsu the hoosty hooter!

Hold it stop right there!

I'm not a spy your secret is safe with me!
I think you've got the wrong person, my friends
You know our lord's secret! We cannot let you live!

Where's the sword?
Yay he's gone!



I have to go out for a bit. I'll leave you in charge!
Don't worry!

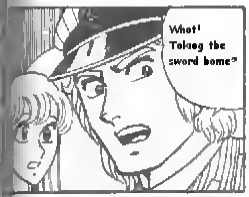
It s gonna take too long to grind the off by hand
There s still a bit left

The edge is going but the blade is aaeveo

Then I ll just smooth it abit then everything is going to be ok!
I m just going to use the electric sander!

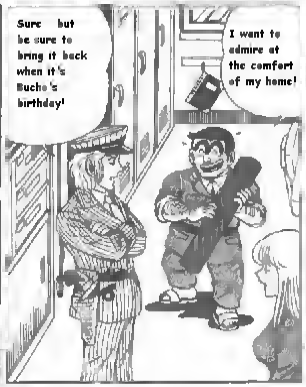
I ll just grind some more off



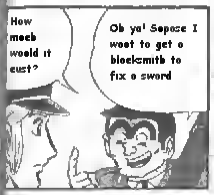
What! Taking the sword home?

It s so so deep!
What should I do this thing is too expensive!

Yo! I know!
Also becarefal with it it s expensive!



Sure but be sure to bring it back when it s Ruche s birthday!
I want to admire at the comfort of my home!



How much would it cost?
Oh ya! Sapose I want to get a blacksmith to fix a sword

NO! NOTHING! I was just asking!
Something wrong?

10 10000 yen eh?
It would cost atleast 10000yen

If I knew this was going to happen I would'nt have even touched the sword!
But I don't have enough money for another one!

AH!
It snapped!

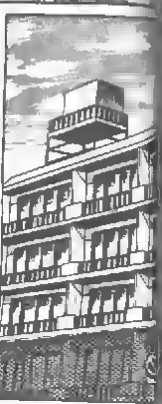
Looks more like a saber now
I think it's too thin

He must be doing something extraordinary
Ryo's been working early alot

Hah?
I gotta go!

Ah the sword looks bent
And the glue dried

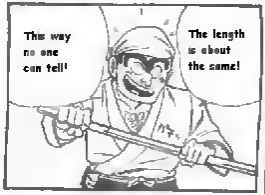
Where's the crazy glue!
Hurry! Gotta glue it together!



Why did we have to get him a real one?
He should be greatful if we buy him a plastic one!

I feel bad for them
But everybody payed for it

THIS IS PISSING ME OFF!
GOD DAMMIT!



The length is about the same!
This way no one can tell!

It's done!
Haha!

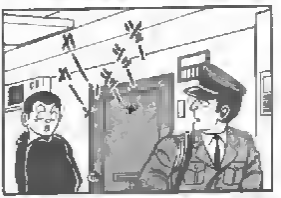
I'm starting this from scratch this must work!

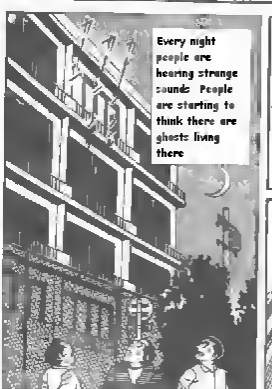
It should be done by tonight!

That's weird. I've followed everything!
Where'd I go wrong?

But there are still some flaws

What is that sound?
It's so creepy! I hear it every night!



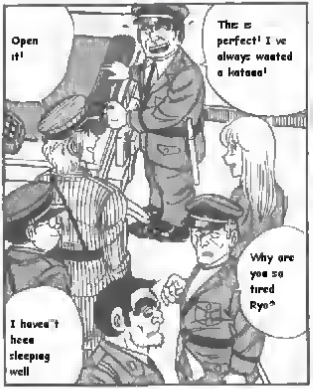


Every night people are hearing strange sounds. People are starting to think there are ghosts living there

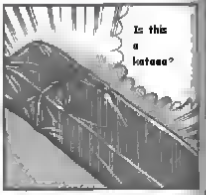
Probably the materials
Must be the finest of all iron!

This is a failure!
I'll have to do it again!

One more time!
I'm starting to get the hang of this!



Open it!
This is perfect! I've always wanted a katana!
I haven't been sleeping well
Why are you so tired Ryo?



Is this a katana?

Don't worry it's from all of us!
This is too much!

Ah!
Heh?
Why did you buy this one Naka!

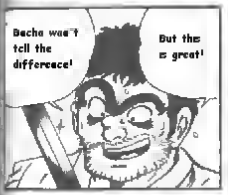
This
AH! What?

How could you
Because I broke the original one so

Huh? What!
Sorry Buchō! I made that one!

This is great!
Yes this is the shiai I want!

It's finished!



Buchō won't tell the difference!
But this is great!

Some of them don't even look like katanas
After I've made abot 20 of them, I finally get it

Happy birthday Buchō!

I m really sorry Bucho
Ryo made this
Hey! Come back here!
Forgive me! I ll go find some part time jobs to pay you back!
Huh?
No! This sword would worth millions if it were appraised!
So that's what he's been doing leaving work early
He's always good at copying!
I thought you guys gave me something too valuable but I would've never thought Ryo could make something like this!

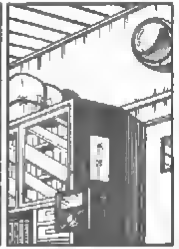
Super Baseball!
What! No pitcher?
Why did he have to get injured now
It's a tough team we're up against! We need someone good!
Our pitcher got hurt he has to stay in the hospital for 2 weeks!
Then we are going to lose the semi-finals!

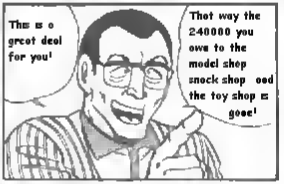
Slocking off again I see!
AH!
My skills of making models are like professionals!
Wonderful! Only took me one night to finish this
We are here to bring you good news!
I told you I'll pay it back to you!
What are you guys doing here? Are you guys here for money?
What! Voided?
If you can help us all your previous debt can be voided!

Yes! Only he can do it!
Me too
I've got someone
We need someone who can lift and pitch
Looks like we have to hire someone to help us
But I'll need everyone's help!
I've got a way to get him to help!
But is he willing to help us? He's the kind of person that won't do anything unless he gets something
It's done!

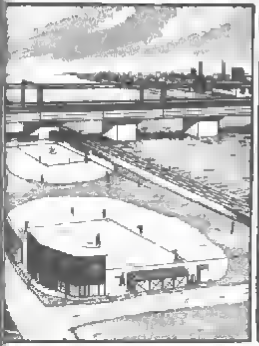
HAAAAA!
OK!
Here it goes!
What brute strength!
Ya
AHH!
FLAMING METEOR!

That's right! And if you get second you only have to pay half
Really! If the team wins I don't have to pay anything?





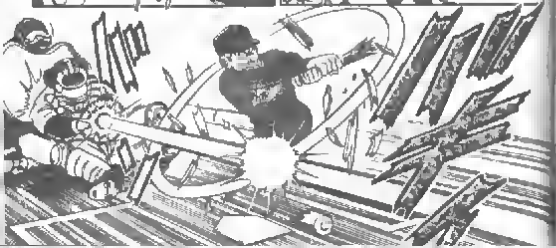
This is a great deal for you!
That way the 240000 you owe to the model shop snack shop and the toy shop is gone!



I'll help you win!
For the team's sake I'll do it!
That's great!

I m not going to fall for that!
Fastball?
HIYAAA!
OK!
Catcher! I m going to throw a fast ball!

This one is going for!
Ah! It s really a fastball!



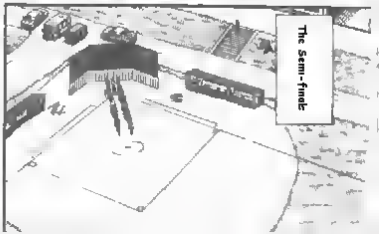
We ve got a chance!
His strength comes from the will to pay debt!
That was incredible!

I can get a good workout from baseball!

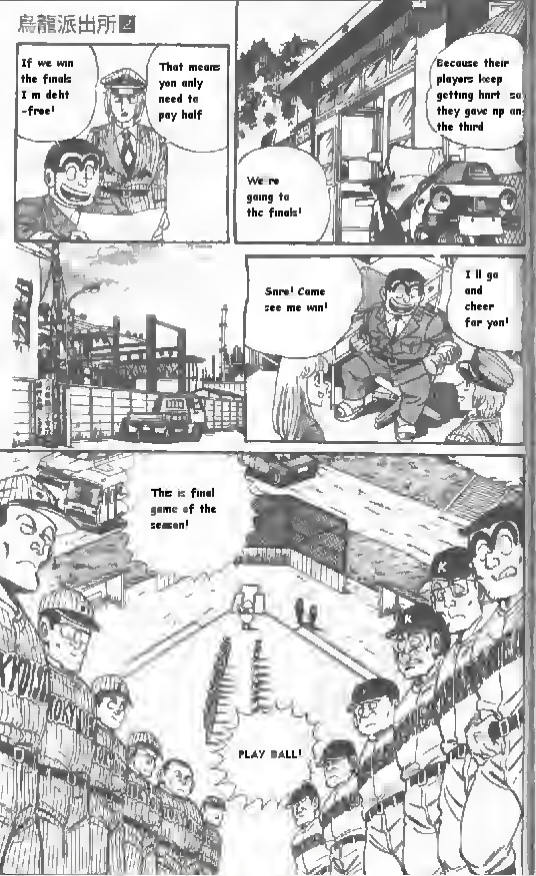
You going to play baseball again? Why the sudden interest?
I'm not coming to the night shift today don't tell Bacho!

There must be something else!
He's already so strong why does he need to work out?

Play ball!



The Semi-finals



If we win the finals I m debt -free!
That means yon only need to pay half
We're going to the finals!
Because their players keep getting hurt so they gave up on the third
Snre! Come see me win!
I ll go and cheer for yon!
This is final game of the season!
PLAY BALL!

The balls he throw are like missles!
What land of a throw is that!
AH! My wrist is broken!

It's raining too hard let's get inside!
Down by 23 as the fifth

It's raining!
Good luck Ryo!

OK! This one is going to be a homer!

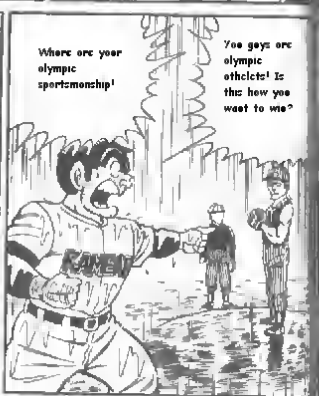
But you're down by 23!
How can you say that in the middle of the match!

WHAT!
I'm sorry but it's raining too hard to continue so you lose

Mr. Ryo come look at this!
Dammit! Stupid curve balls!

STRIKE! You're out!

Don't say you want to quit again!
OK! Then let's play to the 9th!



Where are your olympic sportsmanship!
You guys are olympic athletes! Is this how you want to win?

Yo! Don't waste our time!
It's raining! Whoever gets the first point wins!
TOKYO

What?
That pitcher used to be in the major leagues!

We've got no chance to win
Ryo is risking his life to pay off his debt!

I thought we are just playing a friendly match!
And all the others are olympic athletes, we can't win!

What! There s four of them!

GHOST BALL!
SWISH!

Hurry up!
And the ground is too muddy
The rain is too heavy I can't see anything!

2 wires broke!
Behind my head
Where are your circuits?
COM
Can you fix it?
Come with me I'll fix it
If they used IC boards, they didn't need to make such a big robot!
The wiring is all messed up, whoever did this sucked!
It's not a model, it's a robot from the department!
Wow Ryo, working on such a big model!
Ya, and all the wires are either blue or red!
You're right, it's a mess!

Ah! Sorry!
Ah! Sorry!

It's not as easy as it looks!
Turned into a hi -sexual

You're right!
Look, he's working hard!
See for yourself!
They are all made by the same company so he must have some faults!
Weird
If he's working hard then there's nothing wrong with him!
Stop slacking off!
OW!
Just tell the department he's a very good robot!
I'll check with them again
About that robot
Hi, is this the robotics department?

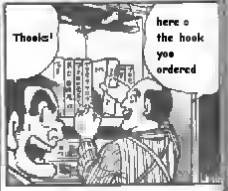
What! They are going to take him back?
Few days later
So they're taking him back
The department said it was a poorly made robot
They say it's something wrong with his circuits
The third one is the one in our station
The first one was too aggressive the second one's memory is malfunctioning so both of them have been taken back
They made 3 robots in total
There's nothing wrong with him!
I don't think so, he's doing really well!

Really?
Hey! 7 times 8 is 56!

Nothing we can do, the engineer sacked so the robot isn't very good
They're being too harsh!

He's losing energy faster than before
It must be hard teaching him!

He should be fine with a little tune up
If read this I can understand his circuits and repair him



Thanks!
here's the book you ordered

I have to for him
You like reading these books?

Use this to recharge!
Oh yes, you haven't been out in a few days
Thanks!

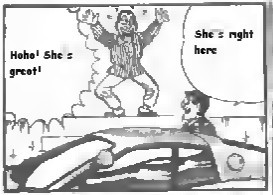
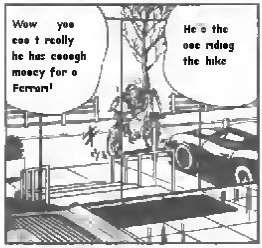
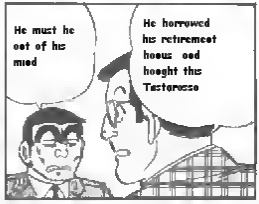
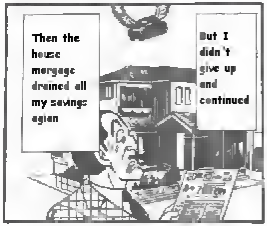
This is the Ferrari to own for foootics but the prise is really expensive for oowno! people
Hm? Who a Ferrari is this?

Ferrari My True Love!

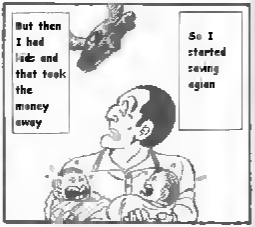






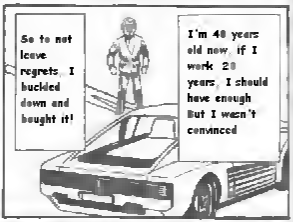


Then the house mortgage drained all my savings again
But I didn't give up and continued



But then I had kids and that took the money away
So I started saving again

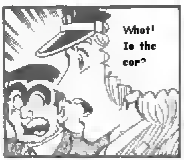
Can your family forgive you?
I've even sold my house just for the Ferrari



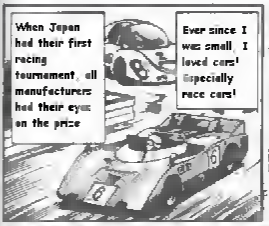
So to not leave regrets, I buckled down and bought it!
I'm 40 years old now, if I work 20 years, I should have enough But I wasn't convinced

We area t going to! We've decided to live in the car

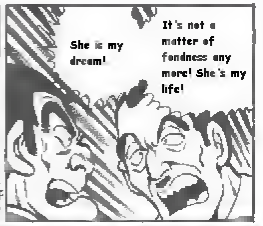
But it's going to hard to buy another house!
In my house they all have to listen to me so they were pretty forgiving



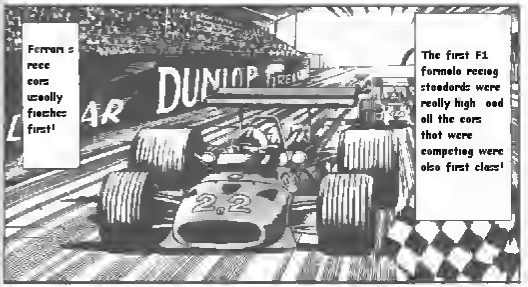
What! In the car?



When Japan had their first racing tournament, all manufacturers had their eyes on the prize
Ever since I was small, I loved cars! Especially race cars!

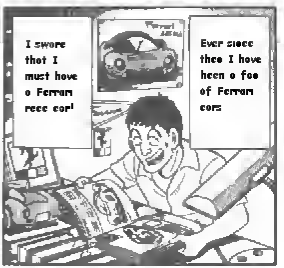


She is my dream!
It's not a matter of fondness any more! She's my life!



Ferrari's race cars usually finishes first!
The first F1 formula racing standards were really high and all the cars that were competing were also first class!
DUNLOP
2.2

But I got married and went broke
So if I was going to have one I must have one of the best one of the 512BB type



I swore that I must have a Ferrari race car!

So troublesome to live in a house like this!
Using the house as a taxi
Kidnapping?
Kidnapping is happening alot recently we have to send more patrols now

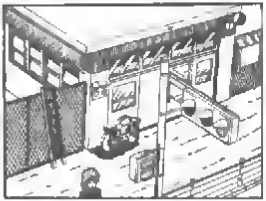
Selling the house was a good idea!
Hmm so beautiful!

Ah there he is!

I heard there's a family here that drives a Ferrari
Yo this is going to be a big one!

They took him right after school and ask a ransom of 5mil yen!
5 million!

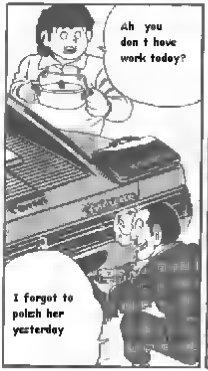


What! That guy's lad got kidnapped?

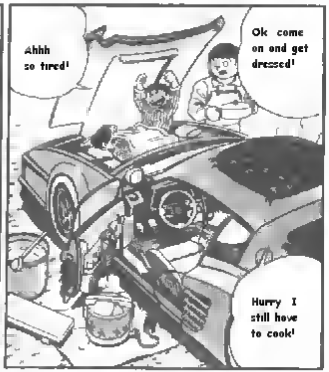
Are you still a cop?
If he's doing this why not get rich lads?
What's he doing n napping country lads!

Huh? Why?
Whoever is kidnapping is dumb

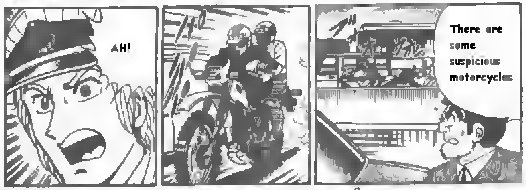
Hmm
Get up it's morning!



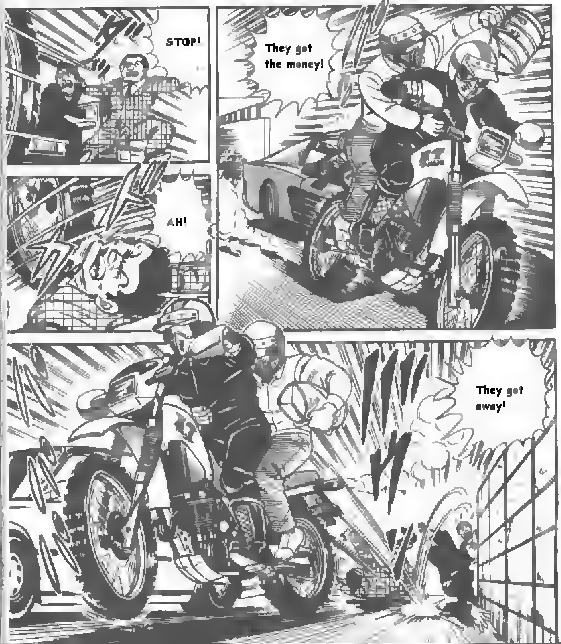
Ah you don't have work today?
I forgot to polish her yesterday



Ahhh so tired!
Ok come on and get dressed!
Hurry I still have to cook!



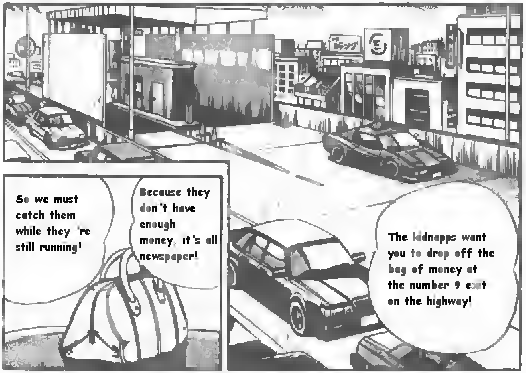
AH!
There are some suspicious motorcycles



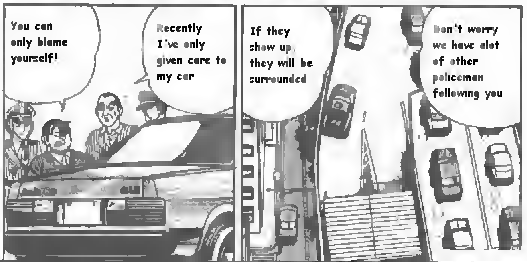
STOP!
They get the money!
AH!
They get away!

Lets just get to the scene first!
That Ferrari is his life!

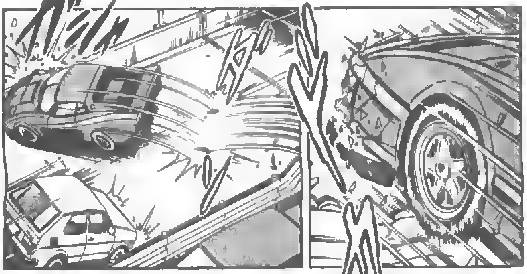
How would they know everyone thinks only rich people drive Ferraris!
Stupid crooks, they don't know that guy blew everything on the car!

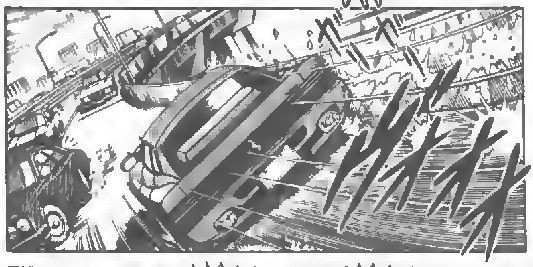


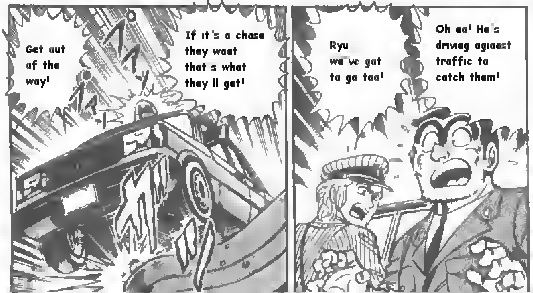
So we must catch them while they're still running!
Because they don't have enough money, it's all newspaper!
The kidnapps want you to drop off the bag of money at the number 9 exit on the highway!



You can only blame yourself!
Recently I've only given care to my car
If they show up, they will be surrounded
Don't worry we have alot of other policeman following you





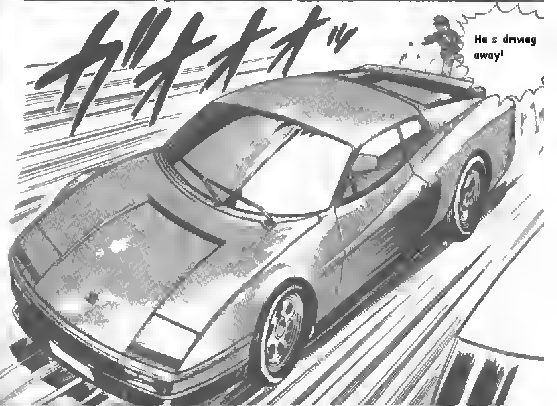


Get out of the way!
If it's a chase they want that's what they'll get!
Ryu we've got to go too!
Oh no! He's driving against traffic to catch them!

But I have no choice
If they find out
Ferrari

We can't there's too much traffic!
Let's go!

Hey!



He's driving away!

A home?
Bccouse somcone gove them o home

愛し恋しの殿方 それは両津さん

タレント おきゃんぴー 阿本真亜子（右）
中野麻里子（左）

ネエ　君。君は両津さんの事をどう思いますか？
サテハテ、サイハテー！　ちゃーう。そーですね、私は、あのつながりM字眉毛と鼻っパシの強そうなワシッ鼻。好きですね。そーゆう君は？
私は、点てんヒゲに毛むくじゃらの体。モッアー！　Wモアモアーかなりクサそー。とにかく、とにかく…カネヨン。とどのつまりは私達、両津さんの事を、ミルマスカラスの〝スカイ・ハイ〟のテーマと同じ位、いや、新谷のり子の〝フランシーヌの場合は〟以上に、愛すべき殿方だと思っているワケなのです。

では君はもちろん、両津さんに交際を申し込まれたら、おうけしますか？
「合点ー。うちの玉の助だ〜い」と、言いたいところですが、あいにく家のお母ちゃんに、虎の子財産＝女の操を大切にしろと言われておりますので、君におゆずりいたします。
いえ、私は結構毛だらけ、私のおケツはまっ黒ケッケ。ちゅーわけで、つつしんでおことわりいたします。しかし、ぜひとも一度、両津さんにお目にかかりたいと思いませんか？
かかりたいです。では、どこへ行けば良いのですか？　亀有ですか？　ちょいと、まってくださいよ。これは秋本治先生にお願いして、私達と両津さんを引き合わせていただくほか、この夢が叶わないのではないでしょうか。
イカにもタコにも足は10本!?　てなわけで、先生、私達の夢を望み、かなえ、たまえー。どうかひとつ、お願いしまひにゃわ〜。
これからもおきゃんぴーは、暖かいお目ん玉で両津さんを見守っていきたいと思います。フレーフレー両津！　レッゴー勘吉！
